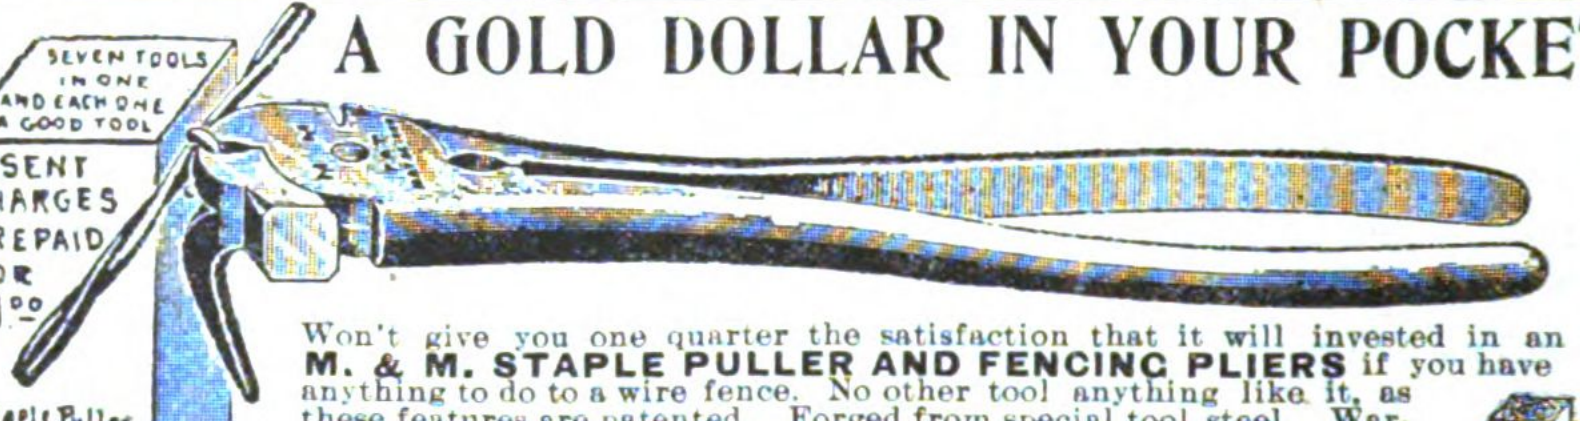
A GOLD DOLLAR IN YOUR POCKET



Won't give you one quarter the satisfaction that it will invested in an **M. & M. STAPLE PULLER AND FENCING PLIERS** if you have anything to do to a wire fence. No other tool anything like it, as these features are patented. Forged from special tool steel. Warranted. We claim them to be **THE HANDIEST AND BEST FENCING TOOLS MADE.** That's natural, for we make them, but the proof of the pudding is that nearly EVERY ONE ELSE CLAIMS SO, TOO, when they try them. Handiest tool for lots of other purposes, too. Better order one to-day before our address is lost. Circulars free.

MAXSON & MAXSON CO., Sole Mfrs., **WEST EDMESTON, N. Y.**
